SENSORY
BIO PEPTIDE SKINCARE
«THE FIFTH SENSE»

The effect of
endorphins for
your skin
happiness

WHY IS IT A “HAPPY” SKINCARE LINE?

Endorphins for the skin

The high-tech component – Calmosensine – is based on the biopeptide Arg-Tyr that releases pro-endorphins in the skin, which makes it look and feel vibrant and healthy-looking.

Feels like a “second skin”

Multilamellar structures are physiologically close to the lipids of the stratum corneum and are specifically designed to quickly restore skin. They provide deep penetration of active ingredients into the skin and a prolonged effect.

Self-rejuvenation

Active signalling molecules called matrikines send inform skin cells about the lack of collagen, elastin and hyaluronic acid, increasing the production of these components. As a result, the skin becomes more elastic, supple and smooth.

FIFTH SENSE series
is a perfect everyday
skincare solution

- *Cleansing foams and gels*
- *Toners*
- *Face creams*
- *Face masks*
- *Eye care*

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

ACTIVE INGREDIENTS

Peach extract smoothes and moisturizes the skin.

Rose hip extract improves regeneration, brightens complexion, rejuvenates and soothes the skin.

Cucumber extract regulates transepidermal water loss, moisturizing and soothing inflamed skin. Helps reduce pigmentation and wrinkles.

Barley extract improves skin’s elasticity and makes it look smooth and soft.

Violet extract deeply moisturises and rejuvenates the skin, promoting a protective and anti-aging effect.

P1 CLEANSING FOAM

Peach and rose hip

For normal, dry and sensitive skin

Gently cleanses the skin

Soothes

Softens

Formulation with micelles

150 ML

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

ACTIVE INGREDIENTS

Lactoferrin (Sebomine SB12) helps regulate sebum production, normalizing the balance of oily and combination skin and providing anti-inflammatory effect.

Calluna vulgaris (heather) promotes toning effect, cleanses the skin and has astringent properties.

Sambucus nigra extract improves microcirculation, reduces inflammation and gently brightens the skin.

Ginkgo biloba extract has a powerful antioxidant effect, protecting the skin from premature aging. It also reduces puffiness.

Hamamelis extract works as an antioxidant, anti-inflammatory agent and promotes a toning effect.

Rosemary extract has an anti-inflammatory effect, improves cellular nutrition and brightens complexion.

Sage extract improves regeneration, refreshes and promotes the feeling of comfort.

P2 CLEANSING FOAM

Lactoferrin and heather

*For oily, combination and
acne-prone skin*

Gently cleanses the skin

Regulates sebum production

Reduces inflammation

Formulation with micelles

150 ML

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

ACTIVE INGREDIENTS

Hydregy PH is an extract of microalgae from Hawaiian freshwater lakes. It boosts skin’s energy by increasing ATP synthesis.

Rose hip extract is rich in vitamin A and C and promotes an antioxidant and anti-aging effect.

Peach fruit extract smoothes and moisturising the skin.

Cucumber extract regulates transepidermal water loss, moisturizing and soothing inflamed skin. Helps reduce pigmentation and wrinkles.

G1 MAKEUP REMOVING GEL

Peach extract & micro algae from Hawaiian lakes

For normal, dry and sensitive skin

Gently cleanses the skin

Removes makeup

Refreshes and soothes

Formulation with micelles

125 ML

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

ACTIVE INGREDIENTS

Lactoferrin (Sebomine SB12) helps regulate sebum production, normalizing the balance of oily and combination skin and providing anti-inflammatory effect.

Calluna vulgaris (heather) promotes toning effect, cleanses the skin and has astringent properties.

Sambucus nigra extract improves microcirculation, reduces inflammation and gently brightens the skin.

Hamamelis extract works as an antioxidant, anti-inflammatory agent and promotes a toning effect.

Ginkgo biloba extract has a powerful antioxidant effect.

G2 MAKEUP REMOVING GEL

Lactoferrin and hamamelis extract

For oily, combination and acne-prone skin

Gently cleanses the skin

Removes makeup

Regulates sebum production

Formulation with micelles

125 ML

S ENZYME CLEANSING GOMMAGE

Keratoline and chaparral extract

All skin types

Deep cleansing

Delicate exfoliation

Enzyme alternative to AHA peels

Formulation with keratoline

ACTIVE INGREDIENTS

Keratoline is a gentle enzyme exfoliator that promotes a more even skin surface and a fresh look. It eliminates dead cells without irritating the skin and thus can be used as a mild alternative to AHA-peels.

Divatonyl is based in chaparral extract. It effectively refines skin texture and enhances radiance.

Olive oil prevents skin from dryness, restoring its hydrolipid layer, maintaining its softness and silkiness.

50 ML

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

ACTIVE INGREDIENTS

Hydregy PH is an extract of microalgae from Hawaiian freshwater lakes. It boosts skin’s energy by increasing ATP synthesis.

Vitamin A activates skin cell regeneration, smoothes wrinkles and improves elasticity.

Vitamin E works as a powerful antioxidant, protecting and rejuvenating the skin.

Panthenol soothes and softens irritated skin.

T1 VITAMIN SPRAY TONER

Vitamins A, E & micro algae from Hawaiian lakes

For normal, dry and sensitive skin

Revitalizes the skin

Refreshes immediately

Nourishes

Formulation with vitamins

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

ACTIVE INGREDIENTS

Lactoferrin (Sebomine SB12) helps regulate sebum production, normalizing the balance of oily and combination skin and providing anti-inflammatory effect.

Aloe extract has a toning and moisturising effect, activates regeneration and reduces inflammation. It softens and improves skin elasticity.

Carrot (daucus carota) extract is rich in beta-carotin, improves regeneration and helps against acne. It promotes an antioxidant and anti-aging effect.

Frankincense (boswellia carterii) extract promotes anti-inflammatory and lifting effect.

T2 VITAMIN SPRAY TONER

Lactoferrin and aloe

For oily, combination and acne-prone skin

Regulates sebum production

Soothes

Refreshes

Formulation with lactoferrin

125 ML

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

CA MOISTURIZING CREAM

Multilamellar formula
Cogongrass and algae

All skin types

Moisturizes

Soothes

Smoothes

Formulation with algae

ACTIVE INGREDIENTS

Moist24 is an extract of Imperata Cylindrica root which moisturises the epidermis for 24 hours.

Venuceane is an active ingredient based on algae extract. It effectively prevents photoaging by protecting skin cells against UV and IR (infrared) radiation.

Cocoa butter promotes antioxidant effect, smooths and nourishes the skin.

50 ML

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

CB OIL CONTROL CREAM

Multilamellar formula

Lactoferrin and oleanolic acid

For oily, combination and acne-prone skin

Matte skin

Anti-acne

Smoothness

Formulation with lactoferrin

ACTIVE INGREDIENTS

Sebomine SB12 based on lactoferrin reduces sebum production. It normalizes the quality of sebum, providing matte-looking skin.

AC.NET effectively fights acne and break-outs by reducing hyperseborrhoea, hyperkeratosis, inflammation and bacterial proliferation.

Venuceane is an active ingredient based on algae extract. It effectively prevents photoaging by protecting skin cells against UV and IR (infrared) radiation.

50 ML

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

CC GLOW CREAM

Multilamellar formula

Lumisphere and chaparral

All skin types

Glowing skin

Perfect tone

Protects against UV

Formulation with Lumisphere

ACTIVE INGREDIENTS

Lumisphere provides the skin with an instant even and luminous complexion, gives it a soft focus effect and brightens carefully.

Divatonyl is based in chaparral extract. It effectively refines skin texture and enhances radiance.

Venuceane is an active ingredient based on algae extract. It effectively prevents photoaging by protecting skin cells against UV and IR (infrared) radiation.

50 ML

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

CD ANTI-AGING CREAM

Multilamellar formula

Matrikines and algae

All skin types

Improves elasticity

Increases firmness

Against photoaging

Formulation with matrikines

ACTIVE INGREDIENTS

Matrixyl 3000 contains two matrikines (signaling molecules) to activate the neosynthesis of extracellular matrix macromolecules providing a visible anti-wrinkle efficacy.

Hydrolyzed wheat protein smoothes the skin and improves its elasticity.

Venuceane is an active ingredient based on algae extract. It effectively prevents photoaging by protecting skin cells against UV and IR (infrared) radiation.

50 ML

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

ACTIVE INGREDIENTS

Chronodyn is an extract from algae *Euglena gracilis* that triggers cell metabolism, tones and firms the skin. It promotes a well-rested look by reducing the signs of fatigue.

Hydregy PH is an extract of microalgae from Hawaiian freshwater lakes. It boosts skin's energy by increasing ATP synthesis.

Venuceane is an active ingredient based on algae extract. It effectively prevents photoaging by protecting skin cells against UV and IR (infrared) radiation.

CE VITAMIN ENERGY CREAM

Multilamellar formula

Three kinds of algae

All skin types

Promotes a well-rested look

Increases elasticity

Against photoaging

Formulation with algae extracts

50 ML

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

ACTIVE INGREDIENTS

Haloxyl is an association of two matrikines to activate the elimination of blood originated pigments responsible for dark circle colour and local inflammation.

Eyeliss helps prevent puffiness and reduces bags under the eyes.

Biophytex IS 8740 is rich in saponosides and flavonoids. It improves microcirculation and provides anti-eye dark circle efficacy.

Unisurrection S-61 is an active plant-based complex for restructuring and protection of the skin. It revitalizes and moisturizes the skin.

Calmosensine promotes an endorphin-like effect in the skin, giving it a healthy radiance, smoothness and comfort.

01 SENSORY EYE GEL

Against dark circles and under-eye bags

Peptides and photo complex

All skin types

Against signs of fatigue

Toning effect

Freshness

Formulation with algae

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

ACTIVE INGREDIENTS

Osilift is a natural polyose purified fraction obtained from oat that promotes an immediate smoothing and lifting effect.

Unirepair T-43 protects against environmental skin damage and helps prevent photoaging.

Matrixyl 3000 contains two matrikines (signaling molecules) to activate the neosynthesis of extracellular matrix macromolecules providing a visible anti-wrinkle efficacy.

Unisurrection S-61 is an active plant-based complex for restructuring and protection of the skin. It revitalizes and moisturizes the skin.

Calmosensine promotes an endorphin-like effect in the skin, giving it a healthy radiance, smoothness and comfort.

O2 SENSORY EYE GEL

Express lifting

Matrikines and oat extract

All skin types

Lifting-effect

Protection

Rejuvenation

Formulation with matrikines

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

ACTIVE INGREDIENTS

Argireline is a powerful peptide that works against expression lines.

Matrixyl 3000 contains two matrikines (signaling molecules) to activate the neosynthesis of extracellular matrix macromolecules providing a visible anti-wrinkle efficacy.

Unisurrection S-61 is an active plant-based complex for restructuring and protection of the skin. It revitalizes and moisturizes the skin.

Calmosensine promotes an endorphin-like effect in the skin, giving it a healthy radiance, smoothness and comfort.

O3 SENSORY EYE GEL
Against expression lines

Argireline and matrikines

All skin types

Against expression lines

Revitalizing effect

Rejuvenation

Formulation with argireline

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

ACTIVE INGREDIENTS

Moist24 is an extract of Imperata Cylindrica root which moisturises the epidermis for 24 hours.

Olive oil prevents skin from dryness, restoring its hydrolipid layer, maintaining its softness and silkiness.

MA MOISTURIZING MASK

Multilamellar formula

Imperata extract and olive oil

All skin types

Moisturizes

Restores

Softens

Formulation with
cogongrass

50 ML

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

MB OIL CONTROL MASK

Multilamellar formula

Lactoferrin and oleanoic acid

For oily, combination and acne-prone skin

Matte skin

Anti-inflammatory effect

Refreshing

Formulation with lactoferrin

ACTIVE INGREDIENTS

Sebomine SB12 based on lactoferrin reduces sebum production. It normalizes the quality of sebum, providing matte-looking skin.

AC.NET effectively fights acne and break-outs by reducing hyperseborrhoea, hyperkeratosis, inflammation and bacterial proliferation.

50 ML

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

ACTIVE INGREDIENTS

Lumisphere provides the skin with an instant even and luminous complexion, gives it a soft focus effect and brightens carefully.

Olive oil prevents skin from dryness, restoring its hydrolipid layer, maintaining its softness and silkiness.

MC GLOW MASK
Multilamellar formula

Lumisphere

All skin types

Healthy glow

Even skin tone

Protects against moisture loss

Formulation with Lumisphere

50 ML

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

ACTIVE INGREDIENTS

Matrixyl 3000 contains two matrikines (signaling molecules) to activate the neosynthesis of extracellular matrix macromolecules providing a visible anti-wrinkle efficacy.

Skin Tightener ST is a mix of marine and plant ingredients for an immediate lifting effect. It firms and smoothes the skin.

MD ANTI-AGING MASK

Multilamellar formula

Matrikines and plant extracts

All skin types

Lifting effect

Better facial contours

Moisturizing

Formulation with matrikines

50 ML

All products from the “Fifth sense” series contain a special “happy” ingredient Calmosensine which provides endorphin-like effect in the skin, making it look vibrant, healthy, and bringing it the feeling of comfort.

ACTIVE INGREDIENTS

Hydregy PH is an extract of microalgae from Hawaiian freshwater lakes. It boosts skin’s energy by increasing ATP synthesis.

Chronodyn is an extract from algae *Euglena gracilis* that triggers cell metabolism, tones and firms the skin. It promotes a well-rested look by reducing the sights of fatigue.

ME VITAMIN ENERGY MASK

Multilamellar formula

Algae extracts

All skin types

Against signs of fatigue

Toning effect

Freshness

Formulation with algae
